REFORMASIE  
1517-2017

# U word uitgenooi...

## Spreker: Dr John Byl

van **Trinity Western Universiteit**  
kom bied 'n reeks lesings aan oor  
die volgende onderwerpe:

- \* **Has science killed God?**
- \* **The Reformed Worldview and origins**
- \* **Teaching Math from a Christian Perspective**

**Datum:** 7 Maart 2017

**Tyd:** 8:30-15:00

**Plek:** Aros-kampus, Dickensonlaan 1180, Waverley, Pretoria

**Navrae:** [info@aros.ac.za](mailto:info@aros.ac.za)

## Program

Tyd	Aktiwiteit
8:45- 9:00	Opening
9:00-9:10	Inleiding
9:10-10:00	<b>Lesing 1: Has science killed God? Christianity versus Naturalism</b>
	<i>I shall examine various claims about science disproving Christianity, discussing the nature of science, data versus theory, and the role of worldviews. Then I will compare the worldviews of Christianity and naturalism, examining their presuppositions, and implications.</i>
10:00-10:20	Vrae en antwoorde
10:20-10:45	Tee & koffie
10:45-12:00	<b>Lesing 2: The Reformed Worldview and origins</b>
	<i>I shall discuss a Reformed worldview (with reference to the Reformed standards), and its implications regarding origins. This will involve examining "God's two books", general revelation, common grace, and the anti-thesis. I shall discuss also various forms of theistic evolution, and their theological implications.</i>
12:00-12:30	Vrae en antwoorde
12:30-13:30	Middagete
13:30-14:30	<b>Lesing 3: Teaching Math from a Christian Perspective</b>
	<i>What does Christianity have to say about Math? I shall argue that worldview plays a major role also in math. Is math invented or discovered? Math and the scientific revolution. Relating matter, mind, and math. Christianity provides a better basis for math than naturalism. Applications to teaching math.</i>
14:30-15:00	Vrae en antwoorde
15:00-15:10	Afsluiting

**\*\* Dr Byl het 'n PhD in Astronomie van die Universiteit van British Columbia**
